Minutes were reviewed and approved

Old Business:

- 1) Office Signage—Dave presented a sample from Sean and the size and design approved. The clover will be changed to the trinity symbol.
- 2) Legal counsel continues.
- 3) Church sound system – Dave spoke with Dale Tieskoetter and he is sure the sound system was separate from the general contractor at the time of installation. Possibly was CEC communications out of Hiawatha at 800.377.0271. Carla will get in contact with them.
- 4) Phone system – new system installed and working properly.
- 5) Financial report to parish – this will be completed in March or April. Father will look into publishing minutes on the website.

Financial report: Reviewed. Going forward, the building fund payment will be approved by the finance council quarterly.

New Business:

- 1) Will start publishing scheduled council meetings in bulletin.
- 2) Fire inspection done as there was an error with system. It was identified that no annual inspection has been done since building was completed. Should be annual as well as 5 year inspections. The annual inspection is approximately \$500 and the 5 year will be \$1585.
- 3) Ron Wille was asked to remove the bricks because they were disintegrating and unsightly in appearance at the entrance of the church.

Closing prayer at 7:20 PM. Next meeting March 10, 2015 at 6:00 PM.

Respectfully submitted,

Jessie Moses
